

March 10, 2025

Hello from the Heidelberg Orientation team! Have you started your New Student Checklist?

Checklist 1, known as the "Orientation Checklist" is available through your [student portal](#). This checklist contains the Math Placement test, Advising Survey, Public Speaking Assessment, and registering for orientation. These items should be completed prior to **June 1st** to ensure you receive an accurate schedule during orientation.

Math Placement

The ALEKS Placement Assessment determines which math class you are best suited to take. This assessment covers Basic Math through Pre-calculus and averages 90 minutes to complete. Questions may be answered using the [Math Placement FAQ](#) or by contacting the Owen Center.

Advising Survey

Your Fall Semester schedule will be built by a member of the First-Year Advising team. To help ensure we build a schedule that suits you, we need to verify your academic intentions, get an idea of your career aspirations, and get feedback on course preferences. For questions, please contact the Owen Center.

Public Speaking Assessment

The public speaking assessment will help advisors assess your comfort level with communication. For questions, please contact the Owen Center.

Orientation Registration

All incoming students are required to attend an Orientation session. Students will receive their academic schedule during Orientation among other important information. Each student can bring up to two guests.

We can't wait to see you this summer at Orientation!
